

Individual Progress Report

IPR Number IPR_11

Covering period from 5-1-2017 to 5-5-2017

Prepared by: Zainab Hussein

Tasks I completed in the previous week:

[List specific, clear definition of completion that can be checked. Make special note of deliverables accepted or requirements demonstrated successfully.]

WBS 5.1, 5.2	Theoretical and experimental research documentation delivered	Approved by Prof. Schmolt
CC2.1	Efficiency memo delivered	Approved by Prof. Schmolt

Tasks I plan to complete next week.

[List specific, measurable planned task outcomes along with the responsible individual for each goal.]

Poster presentation on 5-12

Proposed Changes

[Propose new goals or sub-goals to be incorporated into the WBS.]

Overdue WBS Items

[Give consequences and a mitigation plan
WBS C1.1 and C1.2 and C2.2 are overdue, these fall under the cruise control aspect of my thesis.

Consequence:

Cruise control algorithm not explored

Mitigation plan:

Proper physics modeling and documentation set a good foundation for the next team to undertake the project.
